

General Telegraphic.

C. N. R. IN MINNESOTA.

Water Navigation on the St. Lawrence.

Wheat Advancing in Chicago.

The King's Birthday in New York.

The Tomahawk at Work in Manitoba.

Two Footballers Killed.

Thirty-three Miles an Hour by Electricity.

Winnipeg, Nov. 11.

The Canadian Northern will build a branch in Minnesota from Warroad north and west to Roussau and Kittling.

European capital will this season be engaged in an attempt to accomplish the winter navigation of St. Lawrence.

Chicago wheat has advanced in price. Today's receipts at C. P. R. elevators reached 125,000 bushels.

The King's Birthday was quietly observed throughout the British empire. Two football players were fatally injured in Saturday's games in the States.

Electric trains in Germany have attained a speed of 93 miles an hour.

A meeting of the Winnipeg council of women of Canada received a report from a delegate to the national council. It was decided to accept the offer of Mrs. Massey, of Toronto, to assist in establishing a school of domestic science in Winnipeg.

Lord Salisbury made an important speech at the lord mayor's banquet in London. He denounced a public display of the spirit of pessimism.

The quinquennial banquet of the grand national curling club, the big banquet of America, will be held in Toronto next year.

During a theatre performance at the London opera house, the scenery caught fire, a stampede resulting in the audience.

Jarvis Hall, Denver, presided over by Rev. Canon Reges, formerly of Winnipeg, has been destroyed by fire.

Mrs. Bill, wife of the church of England, rector at Regina, formerly of Reservoir, Man., died suddenly.

A number of changes in the Manitoba government civil service is announced in the last gazette.

Bob Younger, the notorious bandit, has declined an offer of a position on the Minneapolis police force.

Seven marines in H. M. S. Royal Sovereign were killed by a gun explosion in a Greek harbor.

Lord Nevill, a British nobleman, has been released after several years spent in an English prison.

The Victoria and Sydney railways, in Cape Breton, have been absorbed by the Great Northern.

Twenty-one employees of the Carnegie company have received a million dollars in bonds.

Foreign ministers at Pekin paid their condolences at the late Li Hung Chang's funeral.

The Yukon telegraph has been completed to a point forty miles north of Dawson City.

F. F. Waller, a brother of the late member, was nominated by West York Conservatives.

The Toronto varsity rugby football team won the international game championship.

British societies in New York City celebrated the King's Birthday by a banquet.

Glasgow international exhibition has closed, after remarkable financial success.

Many crowned heads will attend the coronation ceremonies in London.

D. Nixon, a farmer, of Margaret, Man., has mysteriously disappeared.

Editor McVeity, of Prince Albert, Saskatchewan, died of paralysis.

The notorious "Prince" Ranjit turned out to be a New York chef.

Brian Cogh, aged four, was burned to death at Douglas, Man.

A Portuguese gunboat has seized a United States schooner.

There was much bloodshed at municipal elections in Spain.

The French fleet has been ordered home from Mitylene.

Rugwash, Nova Scotia, was visited by a disastrous storm.

Thrashing in Manitoba is well on towards completion.

The Siberian railway has been completed.

The sitting of the supreme court has been postponed to Dec. 10th.

The license commissioners meet tomorrow at 10 a. m. to consider the applications of Messrs. D. Ross and Sigler & Pickard.

J. R. McDonald, liverman, removes to D. R. Stewart's stable on First street. Mr. McDonald is going out of the liver business.

LOCAL.

—Band practice to-night.

—F. Villeneuve, M. L. A., went to Montreal on Saturday.

—Peter Erasmus came in from Park on Friday.

—At Maple Creek scrip sold for \$350 and \$400.

—A. E. Potter sold 35 head of cattle at the auction rooms on Friday.

—Nov. 28th, is Thanksgiving day in both Canada and the United States.

—Edmonton was blessed with a mild type of the London fog on Friday evening.

—The executive of the young liberal association met on Thursday evening.

—Homestead Inspector Harrison leaves to-morrow on tour of inspection to the Vermilion district.

—J. E. Atkey, formerly of Edmonton but late of Wetaskiwin, has gone to Brandon to attend the Baptist college there.

—The enumerators employed during the census taking are being paid. The accounts for Northern Alberta amount to over \$10,000.

—Flooding was begun at the curling rink on Friday afternoon and continued Saturday a very good foundation ice being formed.

Herald, Nov. 2.—A light flurry of snow yesterday put an end to the prairie fires which have been raging in the vicinity of Calgary.

—Free Press: The last span on the new C. N. R. bridge is now being built and in a few days the bridge will be ready for the crossing of trains.

—The bridge across Mill Creek is reported to be in a dangerous condition, holes between the planks making convenient pit-falls for horses feet.

—A successful social was held at Mr. Thos. Jackson's, Clover Bar, on Friday evening, Nov. 8th, in aid of the organ fund of the Clover Bar Methodist church.

—Free Press: The small pox patients are doing well. No spread of the disease is feared, but since it made its appearance, there has been quite a little vaccinating done.

—The stock of the Leduc Mercantile Co. is being disposed of by auction sale on Thursday, Friday and Saturday, the 14th, 15th and 16th, of the present month. G. A. Gault is the auctioneer.

—Driscoll's survey party is engaged looking a drain to drain the sloughs northwest of town into Rat Creek. The party consists of Messrs. C. Drummond, foreman, E. Sibbald, C. Williams and J. Groat.

—The corner stone of the Presbyterian church was lettered on Friday by Mr. J. A. Drysdale. The inscription reads "Presbyterian Church, Aug. 12th, A. D. 1901." The stone was contributed by Mrs. Wm. Short.

—On Wednesday A. Law was brought in from Leduc for treatment at the general hospital. The patient was suffering from pneumonia and despite the efforts of doctors and nurses, succumbed to the disease on Saturday morning. The body will be taken to Minnesota for interment.

—Saturday was not generally observed in town as a public holiday. The banks and government offices were closed, but stores, shops and offices were open all day. The flag on the town hall was raised as were also the flags on the business houses of Messrs. Larue & Picard and the Hudson's Bay Co., and at a number of private houses.

—The regular meeting of the W. C. T. U. will be held next Wednesday, 13th inst. at 3:30 p. m. at the residence of Mrs. C. W. Mathers. This will be a "Mother's Meeting" and each member is requested to invite a friend to attend. Members of the executive will kindly meet half an hour earlier, for the transaction of business.

—Z. D'Alva, representing several Parisian papers, came in on Saturday in company with T. Gilley, of the immigration service, Winnipeg, to look over the Edmonton district. On Sunday in company with immigration agent Satter they drove through the St. Albert and Stony Plain district. Mr. D'Alva went south this morning.

—In the Bulletin of Nov. 4th an item appeared to the effect that certain lots in block 1, part of block 16 and block 17, except lot 35, river lots 12 and 14, Edmonton, would be sold in Winnipeg on Nov. 27th in connection with the liquidation of the Western Loan and Trust Co. This sale has since been cancelled, the lots being sold privately.

—About twenty hockeyists attended the meeting held in the curling rink Friday evening to arrange for securing a rink for the coming winter. A. F. McLeod occupied the chair. It was decided to secure if possible the lots adjoining the curling rink and to run the rink under the management of the club. Messrs. Houston, Goodridge and Greenwood were appointed a committee to arrange for securing the lots. Should a satisfactory deal be made for the rental of the lots the club will hire a caretaker and have the rink put in readiness at once. A meeting will be held during the week, probably on Thursday evening, to elect officers for the season.

—J. H. Morris went to Leduc this morning.

—J. Oliver came in from Leduc on Saturday.

—Council meets regularly on Wednesday evening.

—Sergeant Aston went to Leduc on Friday, returning Saturday.

—W. Arno came in from Athabasca Landing on Saturday's stage.

—Strathcona rink opens to-morrow night, with a free-for-all evening.

—Dr. Goodwin returned on Saturday from a ten days trip to the Vermilion.

—A slide on the hill near Dowler's grade has stopped work in the Birkholder mine.

—The Ladies Guild of Holy Trinity church, Strathcona, give a tea in Ross' Hall on Thanksgiving day in aid of the church.

—The young bachelors meet to-night in Robertson Hall to consider the advisability of giving a ball on Friday evening.

—G. Brown, of Fairchild's survey party was brought in from Athabasca Landing on Wednesday for treatment at the general hospital.

—J. Poulson, of the immigration department, Winnipeg, had the misfortune to be run down by a street car last week while bicycling, and having a leg so crushed that amputation was necessary. Mr. Poulson is acquainted in Edmonton, having visited this district during the past summer on behalf of the department.

EDMONTON BULLETIN NOV. 11, 1901

THE RACE CRY.

The accusation of raising the race cry is one that is frequently made in the politics of Eastern Canada. In Ontario particularly the liberals are accused of pandering to the French of Quebec, and the nationality of the premier is made an excuse for the accusation. As a matter of fact it was the ability of the great conservative chieftain Sir John Macdonald, in playing on the feeling of race antagonism existing in Canada that more than anything else enabled him to retain power for so long. It is not strange then that while the conservative press of Ontario raises the anti-French cry against the government of Sir Wilfrid Laurier, the conservative press of Quebec should appeal to French jealousy of ancient rights, privileges and prestige against that government also. Inasmuch as it is the principle and policy of Sir Wilfrid Laurier to unite Canadians, just as it was the policy of Sir John Macdonald to divide them, that policy must always be open to attack by extremists of both sides. The following extract from a recent issue of Le Journal, the French conservative daily of Montreal, will show the character of the present conservative campaign in that province:

Montreal, Oct. 31.—Le Journal, a French conservative organ here, says that Mr. Monk, leader for this province, spoke the truth when he declared at the club Morin that Quebec had lost a great deal of its influence since Sir Wilfrid Laurier became premier. It says it was through Sir Wilfrid's refusal to accept the remedial school bill that the French-Canadians of Manitoba are still partial before the law. As a further proof of loss of influence it points out that French-Canadians while numbering 100,000, or more than a third of the population, have only three ministers out of fourteen, and that Mr. Geoffrion, a French-Canadian, was replaced by Mr. James Sutherland, of Ontario. French-Canadian influence in the senate was lowered by one-half by Sir Wilfrid's cabinet. What good reason was there for replacing Mr. Arsenault by Mr. Yeo, an Englishman?

It further complains of the subordinate place assigned to French officials on the Intercolonial and adds: "What Mr. Monk said at the club is the truth and we congratulate him for having the firmness to re-affirm it. As to the tendencies of the two parties, history is taken from them by the liberal party and that their rights and privileges have been defended by the conservative party."

THE FIGHT AT BETHEL.

Pretoria, Nov. 3.—The battle in the neighborhood of Bethel, in which Col. G. Benson was killed, was one of the stiffest of the smaller fights of the war. Commandant General Botha suddenly concentrated a thousand Boers to catch Col. Benson, who had been doing magnificent work. Under Botha's personal command the Boers charged the British rear guard. Col. Benson went back in order to direct the defence, when he was mortally wounded. When he was carried to the rear, the command to Col. Sampson, who continued the defence skillfully and heroically. Under a heavy fire the convey was taken behind the cover of a hill, while the British were deployed in a firing line around the hill. The Boers galloped up under cover of a terrific rainstorm, which drove in the faces of the British Col. Sampson refused to surrender, and the Boers then attacked bravely, but were always repulsed. They then dug trenches with the intention of sniping up to the British lines, the distance between the combatants being only five hundred yards. Two guns which the Boers had captured at the beginning of the fight lay between them and the British in the zone of fire, and the burghers could not take them away.

The Boers made desperate efforts to overwhelm the whole British force, charging repeatedly right up to the British lines and being driven back each time with heavy loss. The defence was stubbornly and successfully maintained through the whole of the following day and succeeding night, until Colonel Barker, who had marched all night from Bushman's Kop, brought relief in the morning of Nov. 1. The Boers then retired.

Colonel Benson did not long survive. Not only did General Botha direct the attack, as already stated, but he personally shared in the fighting. The heavy casualties of the British were compensated for by the heavier losses of the Boers, which are estimated to have numbered between three and four hundred.

The Lardeau Eagle publishes a very fine map of the Lardeau district showing the location of every mining claim and townsite between the head of Kootenay lake and the Arrow lake. Also the route of the C. P. R. section now under construction.

THE LONG HAUL.

The Kamloops, B. C. Sentinel, desired to put in some new machinery to be purchased in Montreal. The paper asked the machinery firm to let them know what the freight would be. The answer was:

We beg to say that the C. P. R. have quoted us a charge of \$3.75 per 100 lbs. The machine on skids weighs about 1,200 lbs., and that is the weight you would need to figure on. We must say this rate is rather expensive, as the C. P. R. takes similar freight from here to Sydney, Australia, at \$1.50 per 100 lbs.

And still many good people wonder why the C. P. R. is not more popular in Western Canada.

THE CANADIAN NORTHERN.

Battleford Herald: Mr. Armstrong, of the Canadian Northern railway who has been examining the country eastward from the line of the Calgary & Edmonton railway, went to Prince Albert on Monday. Of the country between the rivers he says it is an easy one to build a railway through, and in his exploration of three hundred miles from west to east and covering many miles on both sides of a direct line he did not see a single section that should not have a settler on it.

He went out to the Jackfish district last week and says of it that the land is well suited for farming, and that the best he had seen in his travels.

Mr. Armstrong left for Prince Albert on Monday, going down the north side to Carlton. He cannot of course say just where the line will run, but he assures us that the company will next year carry out the grain and cattle from this district.

W. Burns, C. E., will locate the road from Willow Creek to Prince Albert, and Mr. Armstrong expects to return from the latter place and work eastward through the country he has just examined.

NORTHWEST GAZETTE.

The issue of the Gazette of Oct. 15th contains the following:

F. W. G. Haultain has been appointed commissioner of education and J. A. Calder deputy commissioner.

C. L. Peterson, of Didsbury, has been gazetted a notary public.

J. D. Campbell, of Macleod, is an issuer of marriage licenses.

Wolfville public school district No. 633 has been proclaimed. It comprises sections 19, 20, 21, 22, 27, 28, 29, 30, 31, 32, 33 and 34 in township 42, range 27, and sections 24, 25 and 36 in township 42, range 28, west of the 4th meridian.

The villages of Blairmore and Frank on the Crow's Nest railway and Stirling on the Great Falls and Canada railway, all in Southern Alberta, have been proclaimed, and election of overseer fixed.

The Ponoka Cemetery Co. has been incorporated.

HIGHER DUTIES WANTED.

Montreal, Nov. 6.—The woolen manufacturers' committee this morning presented the following to the manufacturers' association:

"The request of the Woolen Manufacturers' committee is that you endorse their request to the government for a net tariff, after a reduction of the preferential tariff, of not less than 30 per cent, of its equivalent, upon all classes of finished woolen, worsted and knitted goods, and carpets, and of 20 per cent, or its equivalent, on all classes of woolen and worsted yarns." This passed finally.

IMPERIAL LIMITED.

High officials of the C. P. R. recently told the Vancouver Province that in all likelihood the company will put on a double train service between coast and coast. The regular train will be run daily between Vancouver and Montreal as at present throughout the summer with the Imperial Limited added. This latter will very likely be a tri-weekly service, and will be a strictly limited transcontinental train. It is likely that only first class passengers will be carried, while the regular will give better local accommodation along the line as well as carrying through passengers and giving the same service as is given to-day.

MANITOBA WEATHER.

Neepawa, Man., Press, Nov. 4.—Jack Frost laid firm hold upon these northern climes last Friday and Saturday and it may be said that winter has set in. It is somewhat early but does not break the record; and the freeze-up finds the people in much better shape than in any of the past three seasons.

BANFF HOTEL TO BE ENLARGED.

Montreal, Nov. 6.—The Canadian Pacific railway company has decided to enlarge the hotel at Banff Springs. Contractors are now preparing specifications for submission to Manager McNeill and the work will be commenced next spring. The plan involves an addition of 80 or 90 rooms to the present structure.

VOLUNTEERED FOR AFRICA.

Halifax, Nov. 6.—Three companies of Royal Canadians, now in garrison here, are to be sent to Bermuda to guard the Boer prisoners. The whole regiment volunteered for service in South Africa last night, and are much disappointed at not getting a chance to go to the front.

Telegram: A party of 40 Germans from Greina and Winkler, passed through the city yesterday afternoon, on their way to Rosheim. This is the annual visitation and land-seeking tour of the Mononites from Southern Manitoba to their countrymen in the west.

LOCAL MARKETS.

Potatoes, deliveries light. 30¢ per bushel.

Oats came in freely on Saturday. As high as 24¢ was paid on the street, the price ranging generally from 20¢ to 22¢.

HUDSON'S BAY COMPANY

It is all Very Well

For people to have prejudices if they can afford to pay for them:

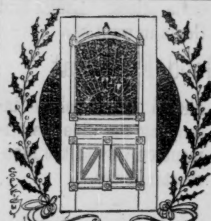

The idea that a man cannot look like a gentleman in a Ready-Made Suit or Overcoat is an expensive prejudice; and the man who indulges in it is quarter of a century behind the times. He totally fails to realize the extraordinary advance made in the production of Ready-Made Clothing by a few Canadian manufacturers.

We are prepared to admit that in regard to much of the Ready-Made Clothing offered the public many of the old time objections still hold good. But in the Clothing we are offering, made specially for us, out of cloth and trimmings of our own selection, after our own designs, by the most expert workers that can be procured, these objections have been absolutely eliminated.

Our Overcoats at \$12, \$15 and \$18 are in every respect as good garments as your tailor can produce at \$20, \$25 or \$30. They wear as well; in many cases they look better; they fit as well; they leave nothing to be desired in the way of fit or finish. What more is wanted?

The same may be said of our Suits. Many of the most level-headed business and professional men in town are wearing our Tweed Suits. Their friends suppose they get them from eastern tailors at a cost of \$25 or \$30, and would be surprised to learn that they only paid \$10, \$12 or \$15 for them, at

THE HUDSON'S BAY STORES.

THE OPEN DOOR

It is not desirable at this season. One that is built of good sound lumber and which shuts up tight is the best. That kind can be had here.

We have a full line of DOORS AND STORM DOORS, SASHES, AND STORM SASHES. Also a good assortment of Lumber, Shingles, Lath, Lime, Etc., at

W. H. CLARK'S, Sash & Door Factory, Main St., Edmonton.

EDMONTON BULLETIN NOV. 11th, 1901

ADVIS AS TO PROVINCIAL TAXATION.

In its issue of Nov. 4th the Free

Press by an editorial with the suffi-

ciently startling heading, "The Rob-

bery of Winnipeg," in which it goes

into particulars as to the amount of

taxation levied on that city for provincial

purposes by the provincial govern-

ment, as compared with the like

taxation levied by the preceding Green-

way government. The people of the

Territories are not particularly in-

terested as to whether the Greenway

or the Roblin government is most to

blame. They are interested, how-

ever, in knowing that the amount of

direct provincial taxation is increas-

ing each year in the province of Mani-

toba.

In 1899 the city of Winnipeg was

levied upon by the provincial govern-

ment as follows:

For district expenses, \$9,688.24

For county purposes, 100.98

For provincial board

of health, 1,503.73

For wolf bounty, 1,004.98

Total for 1899, \$12,307.93

Last year saw the first of the new

direct taxation introduced by the

Roblin-Rogers government, a levy be-

ing made for the administration of

justice, which the Greenway govern-

ment defrayed out of the general re-

venue. The enactment

placed upon the present government

directs that the municipal commis-

sioner shall annually prepare a list of

the local annual required "amongst

the respective municipalities of the

province upon the basis of equalized

assessments in the case of rural munici-

palities and upon assessed values in

the case of incorporated cities, towns

and villages." The levy for last year

was as follows:

For district expenses, \$8,953.04

For county purposes, 447.22

For provincial board

of health, 2,131.68

For wolf bounty, 852.64

For administration

of justice, 2,263.36

Total for 1900, \$16,647.94

The levy for the present year shows

a large enlargement. Winnipeg being

assessed with a heavily increased share

of the total of the direct taxation in-

troduced by the present government.

The city maintains a completely equip-

ped health department of its own, and

is required to pay \$2,537.60 for the

maintenance of health officials in

other municipalities. The amount

which Winnipeg has to pay towards

the expenses of the department has

jumped from \$8,953.04 last year to

\$13,423.68 this year, and the levy for

the administration of justice from

\$1,004.98 last year to \$2,263.36 this

year, the whole levy being as follows:

For district expenses, \$13,423.68

For county purposes, 556.11

For provincial board

of health, 2,237.06

For wolf bounty, 447.40

For administration

of justice, \$10,066.77

Total for 1901, \$26,720.70

At the rate of growth of the

provincial government's taxation of this

city since 1899, the amount taken by

the provincial treasury out of the

taxes paid into the civic treasury by

the taxpayers of Winnipeg in 1900

would be \$59,667.60.

If the figures given from the govern-

ment returns are to be taken as a

city of Winnipeg has to pay a direct

tax for wolf bounty. The item shows

however, how hard run the provincial

government must have been and still

is to meet its most trivial expenses.

In view of the above an interview

with Mr. H. C. Macdonald, M. P., for

Macdonald, appearing in a recent issue

of the Winnipeg Telegram reads like

sarcasm. The Telegram not unchari-

tably is using the interview with Mr.

Rogers as a means of getting the idea

which it favors before the public

without incurring responsibility. The

headings are: "Enlarge Manitoba,"

"Mr. H. C. M. P. wants to see one

Territory enlarged," "Advantage of

large area," "Would take in all to

Qu'Appelle," Mr. H. C. is quoted as

saying:

"I think the best plan is to extend

the boundaries of Manitoba as far

west as Qu'Appelle or Regina and

make the rest of the Territories into

one province. He is opposed to the

formation of the Territories into two

separate provinces. To the question:

"Do you think that Manitoba could

being, however, I think would be easily

overcome."

The people of the Territories have

the opportunity of setting the glitter-

ing generalities of Mr. Boyd over

against the cold facts stated by the

Free Press. Clearly the Telegram is

inaugurating a campaign for the an-

nexation of a part of the Territories

to Manitoba, and as clearly for the

benefit of the existing province rather

than for that of the present Terri-

tories. Manitoba's financial position

is very bad at present. The province

has had better terms so often from

the Dominion that another raid is not

practicable unless a new excuse can

be found. Such an excuse would be

provided by the annexation of a por-

tion of the Territories. That and the

possibility of still further extending

the radius of direct taxation for

provincial purposes appeals for the

solitude of the Telegram as the or-

gan of the Manitoba government for

the future of the Territories. But

"In vain is the net spread in the sight

of any bird." The Telegram's schemes

are too coarse. It must not suppose

the people of the Territories "to be

quite so "dead easy."

TAXATION OF C. P. R. LANDS.

The recent increase in the price of

C. P. R. lands in Eastern Assiniboia

brings forward very prominently the

question of the taxation of those lands.

According to the understanding of

parliament and the country at the

time the charter was granted the ex-

emption from taxation expired on the

15th of February, 1901. The in-

crease of one-fourth in the selling price

of the company's lands throughout the

vast tract of Eastern Assiniboia is at

least an indication that the company

intends and feels able to fight suc-

cessfully the imposition of taxes, other-

wise they would be more anxious to

rid of these lands. If the question

of taxation had been settled in favor

of the public it is safe to say that the

increase in price would not have taken

place. The fact that the question is

not yet settled costs the country not

only the annual loss in taxes but the

increase in price of the land. An in-

crease of one dollar an acre on three

or four million acres, is quite an item,

and would be a good deal better, in

the interests of the country, in the

pockets of the settlers purchasing the

land than in the coffers of the com-

pany. No doubt the spirit in which

advances toward taxing the company's

lands were met in parliament has en-

couraged the company towards rais-

ing the price. Once the lands are pa-

tented the question is up to the North-

west government, and no doubt it will

deal with it vigorously. There is no

use in pleading poverty while a vast

area of land that should be contribut-

ing towards the good government of

the country is allowed to escape taxa-

tion.

The population of the Dominion

electoral district of Yale-Cariboo, the

local electoral district of Cariboo left

at 51,400. This district comprises

the greater part of the interior of

British Columbia and includes the

whole of Kootenay. In Alberta we

have been under the impression that

the growth of population in the boom

towns of Kootenay was such as to

leave Alberta in the shade. It ap-

pears, however, that Alberta has a

somewhat larger population than its

nearest neighbor across the mountains.

And the increase in Alberta has been

about as rapid as in Yale-Cariboo.

The two constituencies contain a

very large proportion of the total

wealth of the Dominion, and inas-

much as they are largely interde-

pendent in trade matters, each one can

view with pleasure the rapid growth

of the other. At a time when farmers

find their best market in the mining

and lumber camps of Kootenay, while

the lumbering and fruit growing in-

dustries of interior British Columbia

find their best market in Alberta. And

the coal mines of Alberta ensure for-

ever the profitable working of the

gold and silver and lead and copper

mines of the Kootenay.

A new mining district is being op-

ened up in British Columbia by railway

construction. The C. P. R. are now

building into the Lardeau district

from the head of Kootenay lake and no

doubt will have the road in

operation "this fall. This district

bids fair to be one of the great

wealth producers of the Kootenay, in

silver lead. It is reached

most easily over the Crow's Nest

line and then by steamer from Koot-

enay landing to the beginning of the

Lardeau railway at the head of Koot-

enay lake. The town of Ferguson is

the capital of the district. With the

completion of the railway shipments of

ore will begin and no doubt an active

demand for Alberta's farm products

will be created. R. P. Pettipiece, found-

er of the Strathcona Pioneer, publis-

hes the leading paper of the district, the

Lardeau Eagle.

ALBERTA COKE

Frank Sentinel: This week sees the

first batch of coke ovens completed,

the first six ovens which comprise the

west end of a battery of coke ovens

that is to contain 250 when finish-

ed, having been completed. The first

fire will be put into to-day and for

several days they will be fired con-

tinuously until they become heated on

the inside of the ovens to such a de-

gree that coal will become ignited from

the heat of the oven itself. Then the

making of coke will be started here

and an entirely new industry begun

in this Territory. The ovens just

finished will be able to turn out from

20 to 25 tons of coke every forty-

eight hours.

IRON WORKS FOR ALBERTA

The Fort Steele Prospector reports

the finding of valuable iron deposits

on Bull river, not far from Fort

Steele, by H. S. Frank proprietor of

the coal mines at Frank, Alberta. The

property is bonded for \$120,000, the

bond extending over a period of eleven

months, with several intermediate pay-

ments, the first of which will come

due in three months. A force of men

has been put to work developing the

property and the results have been

most gratifying to the owners.

YUKON OFFICIALS

An Ottawa despatch to the Globe

says: Cory, inspector of public offices

in the Yukon, who conducted the in-

vestigations into the working of the

gold commissioner's office at Dawson,

has made a report to the minister,

which shows the existence of serious

irregularities, amply justifying Sifton

in dismissing assistant commissioner

Bell. No appointment has yet been

made to the vacant office. In order

to promote efficiency in the public

service in the Yukon, Annie Dugas, de-

puty registrar, has been removed

from office and Wilmet Haultain ap-

pointed in his place. The latter is

a brother of Premier Haultain, of the

Northwest Territories.

JUST RECEIVED.

Another lot of pretty stitched

ready-to-wear Hats. Also

Children's Toques and Tams.

All the latest ideas in Trimmed

Millinery, Pattern Hats, Bon-

nets, and Novelties.

All orders for Hats promptly

executed at low prices.

Orders taken for Fancy Muffs.

Mrs. H. C. MacDonald,

White Block. East of Post, Edmonton.

AUCTION SALE.

FORT SASKATCHEWAN.

Thos. Sims and J. Chabot arrived last Monday from a trip to Battleford with Mr. Armstrong, who was inspecting the route of the Canadian Northern railway.

On Tuesday afternoon, Dec. 10th, St. George's Guild of Fort Saskatchewan intend having a sale including all kinds of useful and fancy articles suitable for Christmas presents. Refreshments will be served during the afternoon and a concert will be held in the evening.

Selson W. Anderson has been appointed Dominion land agent here in place of Mr. L. Adamson, who has left for South Africa.

All those who travel the road east of here complain of the condition in which it has been left. All the earth taken from the government drain has been piled on the road, without being ravelled thus making it very dangerous travelling, as the road slopes in places right into the ditch.

There is a movement on foot to form a literary society here for the winter.

STRATHONA.

Plainsdealer, Nov. 8.
Weather permitting, Messrs. Smith & Rackham expect to have the hockey and skating rink open next week.

The public will be pleased to know that Miss B. Templeton Reid who has had a long siege of illness from typhoid fever is now rapidly regaining her accustomed health.

J. W. Blain & Co., in a new firm in the grain business here, consisting of J.W. Blain, formerly manager here of the Calgary Milling Co., and Geo. W. McIntyre, for several years grain buyer for the Brankman-Ker Co. here. Mr. Blain represents the firm in Strathcona, and Mr. McIntyre in Edmonton.

Foreman McKenty with a gang of carpenters has spent the last two weeks in town putting things in shape for winter show of the C. P. R. yards. The basement of the water tank has been rebuilt. A new freight shed 24x40 is being built adjoining the old one on the north. An ice house 20x28 having a capacity of 200 tons is in course of erection at the south end of the yards. These are much needed permanent improvements.

The sympathy of the community goes out to Mr. H. B. McKenzie and family in the affliction which they are suffering from disease. Mr. Ed. McKenzie is now gradually recovering from typhoid fever and his sister, Miss McKenzie, who attended him constantly for several weeks until stricken down with the same disease herself has just passed the crisis and is slowly improving. Mrs. McKenzie is now prostrated not with fever but with pain of fatigue and long anxious care of her son and daughter.

THE DUCK QUESTION AT EGG LAKE.

Communication.
We are growing somewhat weary of reading week after week of big bags of game secured by town sports, who apparently never do anything but shoot (and blowing). They spend three or four days at a time, working hard for fifteen hours a day, and then imagine that all creation should be astounded by the forty or fifty or two hundred birds they secure. Even our local nincompoops, bringing forward evidence of bagging twenty in two shots, are regarded as somewhat of a bore, when they boast of their exploits; and if we had a "chestnut" tell, many occasions would arise for its profitable use. But a new, or at least an unusual and rather startling method of hunting ducks, has been tried very successfully at Egg lake, and these we are to chronicle. On Nov. 3rd during the course of a short stroll along the lake shore, Baptiste Beauchamp and two or three of the Logan boys killed twenty-four ducks and a fine large goose, with no weapons but sticks. The work was very warm, as the birds could run well; Baptiste had to take off his coat and the small boy who brought up the rear was unable to develop enough speed to take part in the conflict.

The other night Joe Page was out looking for ducks with a lantern, but they saw the light and kept away. The covies are living high since the lake froze over, as the ducks are too fat to fly, and are hiding by hundreds in the long grass along the shore.

BATTLEFORD.
Herald, Oct. 30.
New oats are coming in freely at 25c a bushel.

The ferry will be laid up for the season on the 31st, occupying the berth she did last winter.

Wm. Smith, formerly of Edmonton, has hung out his shingle here as carpenter and contractor, and also maker and repairer of furniture.

The Indian department is advertising for tenders for the purchase of 144 quarter sections of land in what was Cheyenne's Indian reserve. The price to be stated at no more than one acre; payment to be one-fourth on acceptance of tender; balance in three equal annual installments; bids to be in by November 15th. A syndicate of U. S. capitalists is after the entire block.

THE KING'S TITLE

London, Nov. 4.—King Edward, at a meeting of the privy council today, signed the proclamation giving him his new title as follows: "Edward the Seventh, by the grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the sea, King, defender of the Faith, and Emperor of India."

WINTER IN MANITOBA.

Free Press, Nov. 4.—Winnipeg has the first touch of winter yesterday. It was chilly enough for a fall day Saturday but during the night the mercury dropped down to near zero point, and there was a general skimming after heavier garments in the morning. A slight fall of snow added a wintry aspect to the scene. The "beautiful" began to fall about two o'clock in the morning, and by four o'clock there was quite a layer of snow on the ground. A bleak Nor'wester made it uncomfortably cold on the streets yesterday, and furs were much in evidence. The policemen donned their fur caps for the first time.

MANITOBA WHEAT SHIPMENTS.

Free Press: The total amount of grain shipped this year, according to Mr. Horn's statement, is over ten millions and a half bushels. The total amount of wheat shipped during this period was 10,300,000. This is greater than the big year of 1899 by two million bushels.

The percentage of No. 1 hard for this year is not as large as for the year of 1899, this year 3.965 cars graded No. 1 hard out of a total of 12,896, while in 1899 for the same period 7,941 cars were No. 1 hard out of 10,252 cars.

Inspector Horn, during the month of October, inspected 7,879 cars of grain, 7,636 cars being wheat, which represents about 6,319,580 bushels shipped out of the province through Winnipeg and Emerson for one month. Of this amount 1,748 cars graded one hard, or about 22 per cent of the total shipments.

APPLICATIONS TO PARLIAMENT.

Notice must be given by advertisement in the Canada Gazette of applications to parliament for legislation in private interests. A recent notice in the Gazette contains a request to observe the following rules:

1st. Address "The Canada Gazette, Ottawa, Canada."

2nd. Indicate the number of insertions required.

3rd. Invariably remit the fees for such advertisements, together with the price of one Gazette, as below, otherwise they will not be inserted.

The rates are 10 cents for the first insertion, and five cents for each subsequent insertion per line of nine words, each figure counting as one word. No advertisement is inserted for a less charge than one dollar.

By e-called or understood practice as prescribed by law, the rules of parliament or decisions of the department of justice, notices receive the following insertions:

Notices of application for divorce—27 insertions.

Notices of the withdrawal of deposits of insurance companies—133 insertions.

Notices of ordinary applications to parliament—9 insertions.

Notices of applications for letters patent—6 insertions.

Notices of dividends and meetings of banks and insurance companies—1 calendar month, or 5 insertions.

C. P. R. EXTENSION.

Battleford Herald: It is semi-officially announced and seems to be generally accepted, that the district from Saskatoon westward is to be the next one to which the Canadian Pacific will direct immigration, and circumstances seem to point that way. Settlers are spreading out from Saskatoon in all directions, and a few weeks of such an influx of population as they have lately had will soon send the overflow well up the road to Battleford.

Mr. Stephens, the C. P. R. land examiner who went through this district some years ago selecting land, took only the best. He is at present working from Saskatoon this way, taking everything he can get, and hopes to be here before winter; and will at any rate stay out until the snow drives him home.

Another report is that they will build a road to Henrietta at once and put on light draught steamers to rush settlers along the river as far as Pitt. This report has been allowed for some time, and confirmation is now given to it by the fact that the officers of the immigration department of the C. P. R. are gathering information from rivermen of practical experience as to which is the proper kind of boat to build for the section of river referred to.

These, and the further fact that the extension of the Great North West Central is bending direct for Henrietta, would seem to give confirmation to the report. It will not take long to wait for the next move and when it is made we will know where we are at.

A SERIOUS QUESTION.

The number of consumptives who have come to Calgary in the hope of benefit by the climate is so great as to constitute a danger to the public health.

At a recent meeting of the city council Ald. Young brought up the question of relief for consumptives. He stated most emphatically that the treatment at present being accorded consumptives was a disgrace to the country. They were refused admission to hotels, hospitals, boarding houses and there was no place left for them to go. He was of the opinion that the council should urge upon the Dominion government the necessity of taking some steps to have a building erected in the city where these people could be looked after.

In the discussion that followed the facts were admitted, but no action was taken.

HOTEL ARRIVALS.

Friday.
Alfred—W. B. Topley, A. S. Thompson, Winnipeg; P. Erasmus, Paken; F. Marway, town.

Jasper—J. P. Long, S. W. Calvert, Fort Saskatchewan; S. J. Carpenter, T. T. McAdam, D. Burnett, Rae; W. Taylor, New Lunnion; J. Hainson, Lamoureux; J. C. Bighin, Beaver Lake; Geo. Dapson, G. Barry, S. B. Cam, D. S. W. Grant, Newman, N. D.; J. S. Ryan, Ed. Flynn, Canilla.

Queen's—Geo. Reid, Mrs. Wilson and family; W. H. Hopper, E. Gilroy, J. Jordan, C. Naim, R. Kelly, town; C. Bowden, M. C. Bridges, W. Crown, Neepawa; W. L. Peter, C. F. Stewart, C. Cronston, D. Cronston, O. D. McLellan, Fort Saskatchewan; W. B. Baldwin, Lamoureux; W. Munier, Morinville.

Victoria—J. Gibbons, Stony Plain; E. Seving, F. L'Abbe, A. Aguin, Morinville; L. Lambert, J. R. Morkin, L. J. A. Lambert, J. Gagnon, O. Belleme, St. Albert; G. Ryan, Canilla; T. J. Carcaddon, Fort Saskatchewan; S. H. Smith, Edmonton.

Fur Goods

My line of Furs includes a large variety, at very moderate prices. Ladies and Gents in want of a

Good Fur Coat

Should make a point of inspecting the fine assortment on view at the Manchester House.

Also in Ladies Cloth Mantles will be found a very fine selection at remarkably close prices. And an immense variety of Fur Caps, Gauntlets, Collars, Boas, Etc., Etc.

W. J. Walker.

The Manchester House.

Terms Strictly Cash.

FARM FOR SALE.

320 acres under cultivation. A good house, good barn, good soil, water, all fenced in, and first class land. I have six horses, thirteen head of cattle, nine pigs, fifty chickens, 120 yards of potatoes, 200 sacks of grain, thirty tons of hay, all my machinery, all my household furniture. All will be sold for \$3,500.00. Three and one-half miles northwest from St. Albert. Section Nineteen. MR. FRITZ GUY, Proprietor.

AGRICULTURE

The teachers of Agriculture are going to hold a ball in the schoolhouse on Friday evening, Nov. 22nd. 50c admission is charged the gentlemen, and the ladies are asked to kindly bring their baskets. Good music will be furnished. Don't forget the date and consider yourself invited. The proceeds are in aid of the school.

Frank Schell is taking his bunch of cattle on J. Carcadden's homestead to winter, ere his departure for his ranch in the spring.

Jack Cunnison lost a fine colt from heart failure. He has a valuable horse on the sick list.

There seems to be an epidemic of cold going the rounds. It is a cough here and a back there.

OLDS

Gracie, Nov. 8.
Educational operations were suspended at the school a couple of days last week while carpenters did some badly needed repairs to the building.

James Wallace, surveyor, has had a gang of ten men surveying in the Chester district about 60 miles N. of Olds. John Spencer who has been with the party all summer returns next week to work three months.

The following figures show the increase in output of butter at the Olds creamery for the season of 1901 as compared with the season of 1900: Season of 1901, 22,000 lbs.; for 1900, 19,750 lbs. of butter.

Per cent of increase season 1901 over 1900, 11.36 per cent. Considering the condition of the roads in the early part of the season and the poor condition in which the cows came through the winter in most cases, this is a very good showing and with the increase of feed now on hand for the feeding of stock, there is good reason to look for at least double the output for next season.

WETASKIWIN

Times, Nov. 8.
The Times has been enlarged to seven columns to the page and shows every evidence of prosperity.

Dr. Brithwaite, of Edmonton, is in town on Wednesday holding a consultation with one of the local physicians.

A business change was made this week, where J. Smith now has sole control of the Wetaskiwin bakery, he having purchased the interest of his former partner, J. E. Atker. Mr. Smith is a good baker and has a first class stock of delicacies always on hand. Mr. Atker leaves this Friday morning for Brandon, where he proposes taking a course in the Baptist college.

PRINCE ALBERT

Advocate, Nov. 1.
He commenced to run in the river or "elbow" last. The ferry ceased to operate on that date.

The Prince Albert Elevator Co. has made arrangements to purchase, for cash all the wheat and good oats offered.

T. J. Agnew will again be a candidate for the mayoralty. Postmaster Sullivan has announced himself in the field for mayoralty honors in opposition to Mayor Agnew.

Section items: Thos. Kyle, of 233, 4th, has just closed a deal for 320 acres, 11 1/2 miles from town, to Jos. Fletcher, for several dollars an acre, cash.

Thrashing is very backward, as there is only one machine at this season. J. C. O'Connell expects a new J. C. Case outfit in a few days, which will relieve the want somewhat.

Our town is flooded with landseekers, and has been for several months. The country round about is filling up rapidly with a fine class of English speaking settlers, mostly from the United States.

THE CANADIAN NORWICH

Prince Albert Advocate.

Mr. J. Armstrong, O. E., locating engineer of the Canadian Northern railway, arrived in town Friday last, after travelling over the country from Edmonton, looking over the land to determine the most feasible route for the line. He states that the country travelled over presents no engineering difficulties beyond the bridging of the North Saskatchewan, which will be crossed three times by the proposed railway.

Mr. Armstrong reports the country travelled over one of remarkable fertility, and with railway facilities, in a few years not a section of land between here and Edmonton, will be unoccupied. The vegetation is marvellous, all along, with abundance of hay. The general character of the country is bluff, affording about 100 acres of wood for every section; it is well watered, with splendid soil, and especially between Prince Albert and Buffalo, and around Muskeg Lake, is the best country in the district, or that matter, in the Territories, the country already opened up by this road not being comparable to it, for general excellence.

Mr. Armstrong gives it as his opinion that the railway will cross the North Branch within the limits of Prince Albert, as the best location for a bridge for a distance of 500 miles, between town and Fort Saskatchewan, here presents itself, and it was his duty to look out for a crossing site.

The country for 15 or 20 miles from Prince Albert on the north side of the river is hilly, and somewhat difficult

to build through, but the same thing obtains to almost the same extent on the south side, and in that case the crossing will be effected at the most available point.

Mr. Armstrong is storing his outfit here, and goes to Winnipeg on Wednesday's train to report to his company. He will return shortly, it is expected, to proceed with the permanent location of the line.

HORSE HILLS

J. Kennedy's threshing was at work at J. Lewis' on Saturday. Comparatively little threshing has been done in the settlement yet, but operations are now under full swing.

Portage la Prairie millers are communicating with farmers in this district and asking for samples of oats. This is encouraging as it indicates outside interest in the quality of our most reliable grain crop.

A new chimney is being built on the school. The attendance is over 20 and Mr. Moore, who took charge of the school at the beginning of the term is doing good work.

SMALL POX IN WINNIPEG

A harvest hand named Foley from Ontario, "a passing through Winnipeg on his way home, was found to have small pox. The symptoms were not dangerous and the man is in quarantine.

The population of West Kootenay, according to the census, is 23,026. The Rossland riding comes first with 7,003, Nelson second with 7,102, Sloan third with 5,321 and Revelstoke fourth with 3,003. East Kootenay district totals with 7,900. Yale 18,716, Lillooet, 1,759 and Cariboo, estimated 2,500.

ROOM TO LET

A Salesman's Story

"You sit" this is Stanfield's Unshrinkable underwear, pure wool and guaranteed not to shrink. There are other goods marked "Unshrinkable." "Warranted not to shrink," etc. but they are mostly of foreign make and are not so comfortable. No more expensive than any other underwear of equal quality.

"Stanfield's" however, are made entirely from the best Nova Scotia wool, by the True Knitting Mills Co., the largest manufacturers of high-class knit underwear in Canada; they guarantee them to us: "We in turn guarantee them to you in the only way that is worth considering—'Your money back if they shrink.' Get the size that fits you and they will outwear any other goods on the market and always be comfortable. No more expensive than any other underwear of equal quality."

is sold by Dry Goods and Grocers' Establishments throughout the West. Ask your dealer for them.

Stanfield's Unshrinkable Underwear

An Ontario Jeweler With Ontario Prices

HAS OPENED A JEWELRY STORE

In the stand lately occupied by Mr. L. P. Hiemink, opposite the Post Office, where he will be found in the future from 8 a.m. till 9 p.m., to do any repairs you might have.

Having had eight years experience in some of the best Jewelry and Watch-making establishments in Ontario, I feel quite justified in saying that I can repair any Watch, Clock, or piece of Jewelry that might need repairing, to give perfect satisfaction in the shortest time possible. Give me a trial and you will be sure to give me any repairs you may have after.

Remember the stand, the price, and also remember that I guarantee all my work for one year.
